

28 October 2013

Annual presentations of the BESTmed option changes for 2014 to CSIR employees and continuation members.

Attached please find the schedule for our national presentations to members and continuation members of the CSIR. **Bestmed has introduced significant changes to the options available to members and we therefore appeal to you to attend one of the sessions.**

As usual there are English and Afrikaans presentations on the campus for continuation members as well as employees who are not able to attend the different sessions within the operating units. **Please note that these are group sessions and that you may attend any of these at your convenience.** For the members in Pretoria, please note that the group sessions on the 11th of November and the 14th of November will be conducted in the languages as indicated on the schedule. All other sessions will be conducted in English. Both Bestmed and Scientia will be represented at all sessions.

Please note that most of the Gauteng sessions are held on the Pretoria Campus in the different operating units. **If you are visiting the Pretoria Campus, please make provision for additional time to check in at the Visitor's Centre – they have been informed to expect visitors.**

Looking forward to see all of you again.

Best regards

Beste Lid

Jaarlikse voorleggings van die Bestmed opsie veranderinge vir 2014 aan CSIR werknemers en voortsettings lede.

Aangeheg vind asseblief ons skedule vir die jaarlikse landswye voorleggings, aan die lede asook voortsettingslede van Bestmed by die CSIR. **BESTmed het aansienlike veranderinge aan die opsies, beskikbaar aan lede, aangebring en ons doen 'n beroep op u om een van die sessies by te woon.**

Soos gewoonlik is daar Afrikaanse en Engelse aanbiedings op die kampus vir voortsettings lede en divisies wat nie aparte aanbiedings kan bywoon nie. **Let wel dat die sessies in groep verband sal plaasvind en dat u enige een kan bywoon wat u die beste sal pas.** Vir die lede in Pretoria; let asseblief daarop dat die sessies op die 11^{de} November en die 14 de November in die tale aangebied word soos aangedui op die skedule. Al die ander sessies sal in Engels aangebied word. Beide Bestmed en Scientia personeel sal die sessies bywoon vir enige navrae.

Vestig asseblief u aandag daarop dat ons weer die Pretoria sessies hierdie jaar op die Pretoria Kampus in die verskillende bedryfseenhede aanbied. **Indien u die Kampus besoek moet u asseblief voorsiening maak vir die tyd wat dit gaan neem om in te teken by die Besoekers Sentrum; hulle is ingelig dat daar besoekers vir die BESTmed sessies gaan opdaag.**

Sien daarna uit om u weer te sien.

Vriendelike groete
